## **St. Peter's Episcopal Church**

Thank you for your interest in St. Peter's Episcopal Church. We invite you to learn a little about who we are and what we want to be. The congregation proved adaptable to changes in our routines in the pandemic, like everyone made changes in their daily lives. Services and plans were abruptly halted with the hope it wouldn't be too long and we adapted with Zoom and Facebook. This allowed greater access for our shut-in members and new relationships were also formed.

The Vestry made occasional "packet drops" at members' homes to stay connected. When the diocese allowed for it, we started having in person worship but decided to keep Zoom and Facebook options. Even though church life isn't what we had been used to, or wanted, we are hoping to return to our strengths as we move into our future. Let's take a short look back, to help us look forward.

### **A History of St. Peter's**

One hundred and fifty-seven years is a long time. That's how long men, women, and children have gathered as part of St. Peter's Episcopal Church in Sheboygan Falls, Wisconsin. For all those years, generations of individuals and families gathered for worship, fellowship, discipleship, service and more. Here, at St. Peter's, children, parents, grandparents, and great-grandparents were baptized, married, or had their funeral services. As we look to our future and the desire to be the Episcopal presence in Sheboygan Falls for years to come, we are insightful enough to understand the need to bring more people to join us in our search for faith, hope, and love.

St. Peter's has had 14 rectors in its 157-year history. The longest serving priest (37 years) was the Rev. Canon Herbert Stuart Stanton who served from 1922 until his death in 1959. The shortest was the Rev. Martin B. Kilpack who served from 1920 until his death from scarlet fever in 1921. Our clergy have had a variety of interests, lifestyles, and backgrounds. We called the first priest who was female to serve in the Diocese of Fond du Lac, as well as the first priest who was African (and became a naturalized U.S. citizen during his time with us). We have had several that were married, some with children. Some things they all had in common was a commitment to sharing the Good News with the people of the congregation and the community and becoming an active member in the local community.

The parish of St. Peter's has a history of being involved in the local community, the greater Sheboygan County area, the Diocese, and the world. In the 1920's chicken pot pie dinners with a craft sale and dance were open to the community and sponsored by St. Peter's. We have held joint services and picnics with the other Episcopal churches in the county. Members of St. Peter's have gone on mission trips to help those in other areas

devastated by hurricanes or earthquakes. We have been involved in outreach in Rwanda, and have sponsored different children in need. Locally we have been involved in the local food pantry, Love INC., the Salvation Army, the Sharon Richardson Hospice, Project Angel Hugs, and sending various supplies and goodies to the members of the military, among other things. We have an active Altar Guild, book club, and participate in UTO, Cursillo, and Episcopal Relief and Development.

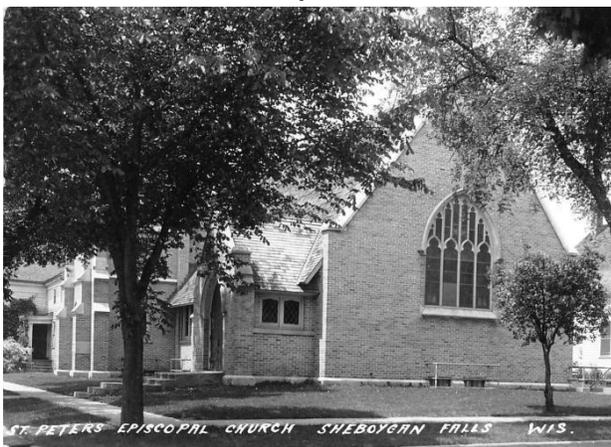

*Original Church 1869-1926*

Our church buildings have gone through changes through the years. The original building was a wooden structure on the east side of Broadway Street. In 1905 flooding of the Sheboygan River caused a decision to move it across the street. In 1925 the current church building was built with a small chapel adjacent and a two-story rectory. In 1969 a new rectory was built and the old rectory and chapel torn down.

On Palm Sunday 1998 a fire struck the church. During the time of rebuilding, members held services in a building across the street, and banded together to help in the clean up and restoration. A new addition was added which allowed an elevator and ramp, and a new chapel.

There is no doubt that much has changed since St. Peter's Episcopal Church was established in 1864. The 21<sup>st</sup> century world is very different from the 19<sup>th</sup> century. The good news is that the message of the Gospel we are called to proclaim is still relevant. Proclaiming God's love in the 21<sup>st</sup> century and beyond will by no means be easy. It will require a renewed commitment and dedication to the values that have nurtured and sustained Christian communities and individuals from the very beginning. Our strong traditions of the past 157 years have not prevented us from changing and evolving as we enter the next 150+ years at St. Peter's. As a small-town church, we believe that local

community involvement is essential to the life and growth of our church. There are still many in Sheboygan Falls, and beyond, who need to hear the good news of God in Christ Jesus.

## Who We Are Today

St. Peter's strives to provide as many ministries and fellowship opportunities as possible to allow people to participate in areas where they can use their spiritual and worldly gifts. We are blessed with a talented and giving congregation that has the energy and desire to give of themselves.

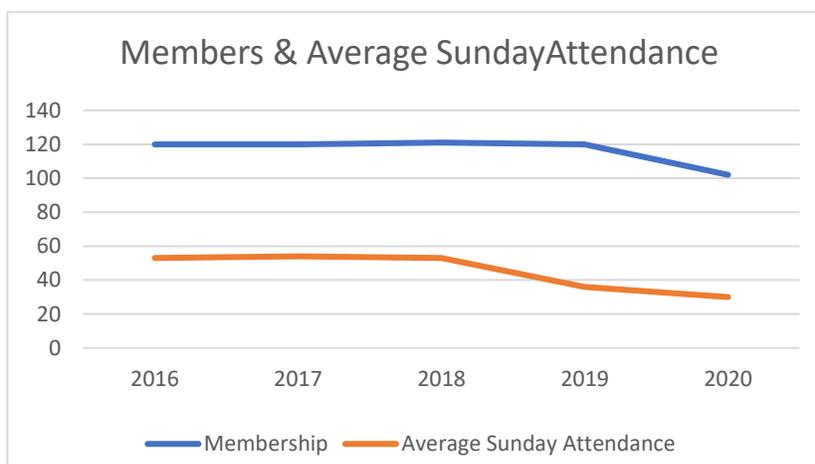

### Participation and Giving Trends

St. Peter's is one of three Episcopal churches in Sheboygan County, with the other two being Grace in Sheboygan (7 miles) and St. Paul's, Plymouth (11 miles). Each has its own style. St. Peter's tends to be flexible in our worship styles that can provide comfortable worship that appeals to different people. Approximately 2/3 of our members live outside Sheboygan Falls and while some may live closer to the other Episcopal churches, they choose to make St. Peter's their parish home. Vestry members represent this well, coming from as close as ½ mile to as distant as 17 miles.

#### Financial

While we currently have a small deficit based on our giving income, we have a sufficient asset base to ensure the viability of the parish while we work on growing our faith community.
